

## Mrs. Atwood Gets Position In California

Mrs. Aileen Atwood, R. N., former director of nursing service at Magic Valley Memorial Hospital, has been appointed director of nursing service at Samuel Merritt Hospital, Oakland, Calif.

Prior to Mrs. Atwood's arrival at Merritt Hospital last month, she had held the position of director of nursing services at the Twin Falls hospital for six years.

Her nursing experience also has included assignments as an assistant director, a nursing supervisor, an in-service education coordinator, an instructor of nursing and an office nurse. Mrs. Atwood was raised in Dayton, where she was graduated from high school. She received her B.S. degree in nursing from the University of Utah in 1959 and her Masters in psychiatric nursing from the University of California earlier this year.

## Smokers

PROVIDENCE, R. I. (AP) — The Rhode Island Medical Journal reports that study on three Rhode Island hospitals indicates that a major cause of the lung disease emphysema is the habitual inhalation of cigarette smoke.

The study said 176 of 308 patients examined smoked a pack of cigarettes or more a day.

AILEEN ATWOOD, R.N., has been appointed director of nursing service at Samuel Merritt Hospital, Oakland, Calif. Prior to the appointment, Mrs. Atwood had been director of nursing service at Magic Valley Memorial Hospital, Twin Falls.

## Breakfast Plan Gets Approval

WASHINGTON (AP) — Legislation to help create a program of school breakfasts for needy children was approved Monday night by a House-Senate conference committee.

The measure goes back to a House and Senate for final action. It would authorize the spending of \$7.5 million for the next fiscal year and \$10 million the following year to help set up school breakfast programs. It is patterned in general on a bill the House passed Sept. 1.

## Civil Rights Concern Seeps Into Meeting

KENTUCKY DAM VILLAGE, Ky. (AP) — The Deep South's concern over civil rights has seeped into the Southern Governors' Conference which customarily excludes it from the agenda.

Despite plentiful topics ranging from tourism to transportation, the news conferences of four governors Monday were dominated by racial tensions.

Alabama Gov. George C. Wallace, denouncing what he termed "federal intrusion into neighborhood school systems," said he is seriously interested in raising for legislation in 1968 as an independent.

South Carolina Gov. Robert E. McNeil proposed a resolution calling on President Johnson to soften federal guidelines on school integration. He said Monday night he had the support of

all the Southern governors. Louisiana Gov. John J. McKeithen said Johnson should take a stronger stand against demonstrators "anarchy in the street."

Mississippi Gov. Paul B. Johnson Jr. said he is at a disadvantage in dealing with racial violence stemming from the integration "burden placed in the South's back."

Wallace drew the most attention since he is in the forefront of resistance to federal integration moves.

The other governors hedged about Wallace, merely acknowledging he would be a powerful contender if conditions remain the same in 1968. Wallace avoided comment on whether he has to other states.

McKeithen announced for the first time that if Louisiana voters approve a constitutional amendment allowing two terms for a governor, he will seek re-election.

He said his state's biracial commission, with no enforcement powers, is helping foster good race relations but that "radical Negroes" might destroy harmony if they came into Louisiana.

McNeil said his resolution against the federal guidelines has a good chance of passage. He is resolutions committee chairman and, if the proposal survives that group, it comes up for a vote of all 17 governors Wednesday when the sessions wind up.

## Conferees Agree On Food Program

WASHINGTON (AP) — Senate-House conferees agreed Monday night on a \$5 billion, two-year extension of the food-for-peace program.

President Johnson had recommended a five-year program with a new name — food for freedom.

But the Senate, and the conference committee, stuck with food for peace, and approved a bill which provides \$1.9 billion for each of the next two years to finance a program of food sales abroad, and \$600 million a year, for the same two-year period, to pay for donations to cope with famine — other economic needs of friendly nations.

TWIN FALLS 733-1804

**CHICAGO**—If the pros are right the Viet Nam war rate will be the issue that will stir concern in the congressional election campaign.

Even though there are other issues — high prices, high interest-rates, the nation's budget — can be traced to the tensions and the pressures of a war costing \$2 billion a month, the conflict itself is slightly out of the political range.

Here in Illinois, perhaps to a greater degree than in any other

in a major land war in Asia. Douglas responded by saying that this meant negotiation of the basis of weakness and the possible withdrawal of American troops from Korea.

"The real issue will be," the senator said, "that we will be forced to give up Korea; we would abandon Formosa; we would abandon Communist China to the United States; and that even, all of Asia would go and all of continental Europe and possibly the British Isles."

That was the domineer threat with a vengeance; negotiation in Douglas' opinion was a capitulation. This is, of course, the same attitude that he took in his speech at Rock Island

In the U.S. Senate, Charles H. Percy, makes the war an issue. He opposes any further escalation and he reminds his audience that Vietnam was never declared by Congress. In the White House, President John F. Kennedy calls it "the greatest test of American leadership since World War II." Dwight D. Eisenhower, who ended the Korean war by negotiation.

Percy's proposal for an all-American commission to seek terms for a Viet Nam settlement is a questionable device, particularly since both Hamlet and Peking have spurned it. But, as always, the press has been put to rest. Republicans on the one hand and Richard M. Nixon around the other time has been the briefest of news items. The old man with all his age ability through

Bill Douglas said that he would oppose to escalating the Viet Nam war into an atomic war. He also said that while supporting administration policy on the war was he against a land invasion of North Viet Nam or a requirement of civilians as military targets or open cities.

In Viet Nam today, as Percy points out, the total of American servicemen, including ground, air and navy, is about 600,000. They are being killed at the height of the Korean war. At the same time a spate of news stories our Viet Nam and Washington is full of reports that the enemy has greatly increased after the Nov-8 election. The Intimation

Percy wants to show that Sen.-Paul H. Douglas, running for a fourth term at the age of 74, is more hawkish than the Democrats. The Percy research organization, an important part of a highly efficient operation, is busy documenting the senator's stern view of the Communist threat in Asia and the fact that the administration is likely to be appeasement. They have come up with the transcript of a University of Chicago Round Table broadcast in which Douglas took part on Dec. 3, 1950. In the transcript, the armies of Red China had moved into North Korea and by sheer weight of numbers were batter-

"We have a strong air force," Douglas said on radio, "and we have a large reserve to use against military formations." It absolutely necessary, the atomic bomb. Now I am not in favor of using the atomic bomb against civilians except if gravely provoked. That I would use the atomic bomb to protect the security of our troops against attacks by uniformed-Chinese Communists who have invaded North Vietnam in the name of the United Nations."

One of the other panelists on the broadcast suggested that the potential use of the atomic bomb might be a lever to bring the Chinese Communists to the negotiating table so that the United States would not be involved

will give Gen. William C. Westmoreland, the commander of the Vietnam ground forces, the opportunity to win the war or the very least bring North Vietnam to the conference table.

What Red China may or may not do is the best unknown. It was in the Korean war, Gen. Douglas MacArthur was convinced the Chinese would come in. There are comfortable assurances today that China so proceeds with "full faith and confidence" in the U.S. policy of intervention.

By the massive intervention of Chinese ground troops China might be ruled out. The United States might be ruled out by the use of the "ultimate weapon" as December of 1950?

# What Kind of World?

BY ROBERT M. HUTCHINS

The ordinary citizen has nothing to say to the President, the governor, the mayor or the council. In the United Kingdom a king can do nothing that

officials whom he elects appear to him as figures on television screens, and he knows that he is dealing with them in any other way has not been selected by him, and are unaffected by his approval or disapproval.

They are the "civil-service," the men who go on regardless of changes in the heads of offices, and they are the only ones who know what extent an individual may enjoy life, liberty, and the pursuit of happiness.

As local, state and federal governments take on more and more power, the civil service grows in importance. It is something un-American about British life in no other way has power been so centralized in the hands of a few men in a bureaucratic caste. A lawsuit is an expensive business. Only the rich can afford to fight. Only the rich can afford to buy time and money on their governments. They can think of dragging a government into court, and they can think of justice. As the biographer says, when the name of his case was Smith, and the name of the other was Smith, he didn't like the odds.

The French administration

[illegible]

The search for administrative justice is therefore being intensified in many countries. In Scandinavia, the Scandinavian courts have contributed the ombudsman, a kind of tribune of the people or citizen's adviser. In France, the *commissaire général* is an administrative system of administrative courts, which are really investigating committees set up by the bureaucracy itself. In the United States, the "consumer law" countries, have been the *fast-and-slowest-to-recognize* the problem; They rely on judicial review of administrative de-

grees prompt, courteous and fair treatment.

The New Zealand ombudsman has received since his office was set up in 1975, 2,500 complaints against government departments. He considered 207 complaints justified or a little under 10 per cent of the total. He tried to satisfy the justified complainant, which he did by communicating with the department involved. He also satisfied, on the other hand, the complainant, often by pointing out to him that the law expressed the administrative claim reached in his case.

It is interesting to note that in the United States, the New Zealand ombudsman has received 10 per cent of the complainant, per

is to have one of more restricted scope. And Nassau County has long been in New York has lately acquired the first ombudsman in the United States. Attempts to institute the office in Connecticut and Rhode Island

## Man Is Hurt In Accident Near Bliss

BLISS — Harvey Grefsema, Mountain Home, was reported in satisfactory condition late Monday with back injuries incurred in a Monday afternoon accident near Bliss.

Investigating officer Gooding County Sheriff Vern Royce, said Grefsema was injured in a two-car accident about 3 p.m. six miles west of Bliss. He said a 1965 Chevrolet driven by Vera Teufsch, also Mountain Home, went out of control, traveling off the south side of the highway.

He said the car then angled off the north side, traveling down a 15-foot embankment and rolled twice before it came to rest upright about 120 feet off the highway.

Grefsema was asleep in the back seat of the vehicle when the accident occurred. Royce said a seat belt worn by Miss Teufsch was probably the reason she escaped injury.

The car was demolished. Royce said investigation is continuing.

## Red Guards Ransack Private Home

HONG KONG (AP)—Arrivals from Red China reported today that Red Guards ransacked the Shanghai house of Mme. Sun Yat-sen, widow of the founder of modern China, and demanded that she hand over all her property.

The travelers said wall posters accused Mme. Sun, who is a vice president of the Communist Chinese regime, of leading a luxurious life in contrast to that of farmers and workers.

The travelers did not know whether Mme. Sun was in her Shanghai house when the militant young Chinese invaded it or whether anything was taken. Nor did they know when the invasion occurred.

Mme. Sun, the former Soong Ching-ling, is a sister of Mme. Chiang Kai-shek, the wife of Nationalist China's president.

She has been a staunch supporter of the Communist regime and her prestige as Dr. Sun's widow has meant much to the Reds.

## Dr. King's Aide Is Convicted

CHICAGO (AP)—Albert Raby, an aide to Dr. Martin Luther King Jr., was convicted Monday night of disorderly conduct and resisting arrest.

A Circuit Court jury returned the verdict.

Raby, 33, was arrested June 28, 1965, at a downtown street corner where he was staging a sit-down after leading a march protesting against the policies of Benjamin C. Willis, then superintendent of the Chicago school system.

## Area Soldier Is Awarded Three Medals Posthumously

HANSEN — The Bronze Star Medal was awarded posthumously Monday night to Army Pfc. Elmo L. DeFord during ceremonies at Hansen High School.

Presenting the Bronze Star and two other medals, the Purple Heart and the Combat Infantryman Badge, to DeFord's family was Lt. Col. John M. Dove, U.S. Army adviser to the 116th armored Cavalry Regiment, Idaho Army National Guard, Twin Falls.

Young DeFord died of wounds he received during an assault by Viet Cong guerrillas on his base camp at Pleiku, South Vietnam.

According to an Army statement, a reinforced Viet Cong squad attempted to enter the base perimeter carrying satchels of explosives. DeFord "uttered the men near him and began firing at the Viet Cong."

He remained at his position until he was critically wounded. His actions prevented the enemy squad from penetrating the perimeter. Four dead enemy soldiers were found in front of his position the following morning.

## Ford Company Will Test New Electric-Powered Auto

DETROIT (AP) — Ford Motor Co. will test a prototype electric-powered car in England next year and later introduce it in the United States.

Company confirmation of this came today in the wake of speculation last week that Ford had made a breakthrough toward a battery-powered car capable of meeting traffic requirements.

Ford is experimenting with a lightweight, sodium-sulfide battery, and said it might develop more economical than a gasoline-powered engine.

A Ford spokesman declined to be drawn into speculation when a battery-powered car might become competitive or how far one battery charge would take.

Other sources, however, speculated one charge might give the range of a tank-full of gasoline and that the car might be competitive with today's gasoline-powered vehicles within five years.

General Motors Corp. and Chrysler Corp., Ford's major competitors, are known to be experimenting with both batteries and fuel cells, among other possible new power plants.

There has been at least one unconfirmed report that Ford is well along in development of battery power and may have an announcement soon. GM declined comment.

Speculation regarding a Ford breakthrough developed after a speech last week by Ford President Arjay R. Miller at nearby Ann Arbor.

Discussing gasoline-powered imported Holland Bulbs here, many new ones at Globe Seed, Adv.

automobiles and their relation to air pollution, Miller said in a speech at the University of Michigan.

"The ideal answer to this problem (of air pollution) would be development of a vehicle powered by a source that would not produce emissions. The most promising candidate at present appears to be a battery-powered electric car."

"We now have in the early stages of development a new battery power system that we expect could offer tremendous improvements in range, performance and cost."

"Eventually, we hope it will lead to a practical emission-free vehicle for local transportation roads."

# Boisean Wins International Contest-Prize

The third place prize in an international short story writing contest has been won by an Idahoan—Beise.

Linda Gilkey, daughter of Mr. and Mrs. Lloyd Gilkey, 622 Highland View Dr., Boise, placed third in the contest for which more than 2,700 manuscripts were submitted. Her story, "Victory Number Three," which won her \$200, is entitled "Victory Number Three."

The story, scheduled for publication in the January issue of the magazine, tells of the emotional conflicts of a girl who wants to quit college to do "something worthwhile."

Miss Gilkey was born in Twin Falls and graduated from high school in 1955 at Boise High School. She is now a freshman at Whitman College. She is a granddaughter of Mrs. Jessie Robinson, Twin Falls.

# Flagship Can Send 6,000 Rockets Whistling Toward Shore in 15 Minutes

**ABOARD USS CARRONADE** miles of coast from the 17th parallel to the southernmost tip of the country.

Powerful 6-inch guns fire projectiles weighing 200 pounds and can boom it out some 15 miles. The 6-inch gun has a range of 12 to 15 miles with a 225-pound projectile.

The 5-inchers fire their 80-pound projectiles about 10 miles. The commander of Destroyer Squadron 32, Capt. Harry C. Allendorfer Jr., of Norfolk, Va., says: "Viet Nam is particularly suited for naval gunfire."

"The coast is long and provides a broad field of fire. The accuracy of the navy guns is relentless."

A gunnery officer on the U.S.S. Mullinix, Lt. Marshall Y. Duncan of Clayton, N.C., says his guns are called upon 24 hours a day.

He explains: "We provide support all along the coast to suppress enemy attacks on outposts and, of course, to support infantry troops. The big part of our mission is being a deterrent against any Viet Cong attack."

# Gymkhana Is Set Sunday At Jerome

**JEROME—**The first fall gymkhana, sponsored by the Jerome Posse-ettes, will be held at 1:30 p.m. Sunday at the Jerome County Fairgrounds.

The gymkhana is open to all interested horsemen in the area and 18 and under, and entry fees are 50 cents for each event. No admission will be charged for spectators and the public is welcome.

Eight events will be featured: horsemanship for riders 12 and under; horsemanship for riders 13 and over; a seven-barrel race; a three-barrel race; an old clothes race, and a churched barrel race.

Awards will be given for the first four places in each event, with trophies and ribbons for the top winners and ribbons to the other three places.

Mrs. Jimmy Rupert, leader of the Posse-ettes, says it is hoped to make the fall gymkhana an annual affair.

# More Action

## Musical Is Planned on Stage 67

"ABC Stage 67" presents its first musical, Richard Adler's "100% Cotton" an irreverent look at the business and pressures of college football starring Donald O'Connor, Phyllis Newman and Larry Bylden. Wednesday, Sept. 28 (10-11 p.m., PDT).

Fred Clark, Joe Jacoby, Eddie Foy Jr. and Joe Namath and the New York Jets are also featured in this new musical produced for "ABC Stage 67" by Willard Levitas, with Adler as executive producer and book by "My Sister Ellen" author Jerrold Chodorow.

"Olympus 70000" brings a unique form of television entertainment to this new weekly series, which has previously scheduled a comedy by Murray Scheraga starring Alvin Karpis, and a drama by John Le Carré starring James Mason and Hugh Griffith.

Adler, who wrote "Damn Yankees" and "Palmyra Beach," has been absent from television for a number of years while devoting his talents to the Broadway stage. The advent of "ABC Stage 67" brought him back to the home medium with this new show concerning an ineffectual coach and a totally hapless football team saved by the machinations of the Greek god Hephaestus.

When Larry Bylden, a fledgling architect, is appointed a football coach at a small college, which boasts a team that does well to score one touchdown a season—a disaster seems unavoidable until Bylden's fiancée (Phyllis Newman) appears, a little brassy, a lot of money, and a turkey gizzard to summon Hermes (Donald O'Connor).

O'Connor solves the problem—by at least temporarily—but creates a few new problems of his own when he is entirely too human in reaction to Miss Newman.

Fred Clark is seen as Miss Newman's father, Joe Jacoby as a befuddled butcher, Eddie Foy Jr. as the president of a college alumni association, and Namath and the Jets as the football team.

Stanley Prager, who was also director of "The Love Song of Barney Kempinski," premier presentation of "ABC Stage 67," and Gordon Rigby directed the show, which was taped in New York.

## Scientist Killed By Wolf on Show

A scientist from the Seaview is attacked and killed by a wolf while he and a colleague are exploring a volcanic island on ABC-TV's "Voyage to the Bottom of the Sea" in color Sept. 28 (7-8 p.m., PDT).

The survivor, Hollis, drives off the wolf, but is scratched by the dying man's fingernails. After boarding the flying sub to return to the Seaview, in "Where the Wolf," Hollis undergoes a horrible transformation, kills the pilot and returns to the Seaview to plague the crew.

Richard Baschstar stars as Adm. Harriman Nelson and Ed Harris as Capt. Lee Crane. Charles Aidman guests as Hollis.

**ORIGINS DON'T COUNT**  
Michael Anderson Jr., starring in an American pioneer in ABC-TV's new Western adventure series, "The Monkeys," is a young English actor who learned to speak "American" a few years ago. Liam Sullivan, featured in the series as an English landowner, was both born and raised in Jacksonville, Ill.

## Highlights for Week

### Best Bets for Movies

10:30 p.m. Wednesday, 5—"Man of a Thousand Faces" The story of Lon Chaney, the son of deaf-mute parents, who rose to fame as one of the silent screen's great actors. James Cagney, Jane Greer, Dorothy Malone and Jim Davis. 8 p.m. Thursday, 5—"Good Neighbor Sam" Janet Lagerlof's inheritance will net her 15 million dollars if she remains happily married to her husband—from whom she has just been separated. Jack Lemmon, Romy Schneider, Dorothy Frowine, Edward G. Robinson, Louis New and Joyce Jamieson. 8 p.m. Friday, 5—"Psycho" In Alfred Hitchcock's shocker, called the "blackest of black comedies," withdrawn and nervous Norman Bates runs a small hotel, down the hill from his mother's decaying Gothic mansion. Gothic mansion, the hotel, the cliff, the chain road, has few customers, so the arrival of Marion Crane, who has just stolen \$40,000, prompts Norman to talk about his aging, possessive mother. Anthony Perkins and Janet Leigh.

## Actor Trains Literally for "Lively" Role

Robert Dornan, who plays star Paul Burke's co-pilot in 20th Century-Fox Television's "12 O'Clock High," is enrolling for a five-day course at John Hall's Parachute Jumping School in Central City, Calif., next week. He will make two jumps a day under various conditions.

Dornan, who plays Captain Bob Fowler in the World War II action series, was a combat pilot in the Korean War, and just recently returned to the United States from a combat tour of duty in Viet Nam. He has had to eject himself twice from his aircraft during combat.

Dornan will be seen in the "12 O'Clock High" episode, "Fortress Wiesbaden," when it airs in color Friday, Sept. 30, on ABC-TV.

"12 O'Clock High" is a QM Production in association with 20th Century-Fox Television.

## Cape Villain Adds Wrinkle To TV Plot

While most other stars content themselves "with getting from place to place by bicycle on the 20th Century-Fox Television lot where "Batman" is filmed, special guest villain L. Berache has added a new wrinkle.

The maestro of the candle-brimmed concert piano is currently filming his role of Fingers, and arrives on the set in a chauffeur-driven limousine, complete with silver candelabra insignia on the sides.

"How would it look," he asks, "if I came here on a bicycle while wearing my silver-lined, herringbone-patterned cape?"

"You know," remarked an on-looker, "he has a point."

"Batman" is a Greenway production in association with 20th Century-Fox Television and airs in color Wednesday and Thursday nights on ABC-TV.

## Tammy Tries to Stop Foreclosure

Tammy Ward takes desperate measures to keep Uncle Simon from foreclosing on the mortgage the bank holds on the "Gimme Shelter" home. "The Tammy Show" is on color Thursday, Oct. 6.

Washington D.C. Sleep Here: Tammy spreads the rumor that the Marchioness of Mül is in residence at her estate. She is in the house and down at the heels hostess is soon packed with guests. Tammy does several disguises to help Andy—even the Marchioness.

One of the largest movie sets ever constructed for a film is the bridge erected in Cayton for the motion picture "The Bridge on the River Kwai." The block-buster feature film presentation on ABC-TV Sunday, Sept. 25, (8-11:10 p.m., PDT).

The focal point for both story and action in the screen version of Pierre Boulle's best-seller, the bridge is one-third longer than a football field and as tall as a six-story building. Built entirely on location in the jungles, the span was under construction for eight months and, when completed, cost film producers a bit more than \$250,000 in hard cash.

The span in "The Bridge on the River Kwai" is an authentic reproduction based upon a sketch of a railroad built by British prisoners of war for the Japanese captors during World War II. The sketch had been scribbled on a piece of cigarette paper and smuggled through the Japanese-held Burma-Siam border to British intelligence headquarters in the Burmese Theater of Operations.

Winner of seven Academy Awards and 30 international honors, "The Bridge on the River Kwai" is an adventure-drama woven around the stubborn pride of a British officer who, when men are forced to labor on the vital bridge under a ruthless Japanese commander. The feature film, which will be televised in color, stars William Holden and Alec Guinness and Jack Hawkins, and features Seizi Hayakawa, James Donald, Ann Sears and Geoffrey Horne.

## Training Pays

Michael Anderson Jr.'s early training in ballet undoubtedly saved him from serious injury during a recent scene being shot for "The Monkeys" (Wed., ABC-TV). While filming a fight sequence (with Michael and Tim O'Kelly on a ledge overlooking the hotel), Anderson fell. When he fell, he started to fall backwards, Michael turned in mid-air and landed on his feet at the bottom of the cliff, completely unharmed.

Stocks

NEW YORK (AP)—The stock market closed with a loss today. It was a second straight day of dull decline. The market was a dry-laid of bids rather than of active selling, were responsible for the setback, brokers said. The market was dampened by sharp losses among such blue-chips as General Motors, Ford and International Harvester. Point was off fractionally despite its boost in prices for 1957 car models. A battered International Nickel and scattered investment-quality stocks bucked the downturn. The market was slightly lower than it was at the start and gradually widened its losses as the session wore on. Volume for the day was estimated at 47 million shares and traded with 4.93 million Monday. Here was the picture near the close:

Differences of 1 or 2 points among some key stocks depressed the averages.

The Daily Investor

By WILLIAM A. DOYLE

Q. Several weeks ago we gave our broker an order to buy 100 shares of stock in the New York Stock Exchange, at \$15 a share. At that time it was trading around \$15. It dipped to \$14.50, then rose to \$15.50. I had a feeling that we did not get our 100 shares but my husband said that the broker had bought them for us, when the stock dipped to \$14.50 and he had bought them for us. The broker was told that our order had not been executed. The broker said the stock went ex-dividend, by 25 cents, on that day and our purchase order was reduced to \$14.75. Since the market price never dipped below \$14.75, we didn't get our stock.

We're not satisfied with this story. Can you explain it?

A. The broker's right. When a stock goes ex-dividend, its market price is automatically reduced by the amount of the dividend to be paid. That price adjustment takes place at the opening of business on the ex-dividend date—the third business day prior to the second day of trading.

Beginning on that date the stock sells "ex" (without) the dividend. So, all purchase orders are adjusted downward on the ex-dividend date—just as the price of the stock is.

If you wanted to keep your order at \$15, you would have had to give your broker specific instructions. But, if he was really on the ball, he should have explained this to you.

You can't get your money back. The order goes with "limited" and other kinds of fixed-price orders. You missed your order at \$15.

If you had put in an order "at market" (instructing your broker to buy at the best possible price) you would have got the stock.

Q. I have quite a few Series A U.S. Savings Bonds. As I will retire soon, I have heard that it can be wise to exchange them for U.S. Government bonds. I asked the cashier at the bank about this. He talked as if there would be no advantage. Is there any?

A. There most certainly is an advantage in such an exchange.

Lady Bird Begins 4-Day Western Trip

WASHINGTON (AP)—Mrs. Lyndon B. Johnson flew west today for a look at California dairy and conservation. Mrs. Johnson will be on a four-day trip to three states.

A fashion show in the air, a first lady and a special agent will be set up about the tour. Mrs. Johnson's charter flight for the cross-country flight.

Mrs. Johnson scheduled to leave for the trip on Tuesday. She will be accompanied by the first lady's personal secretary, Mrs. Frances Gandy, and a number of other women.

At stops later this week in Arizona and New Mexico, Mrs. Johnson will be joined by her husband, President Johnson, and will visit Indian reservations.

PTA to Meet

OAKLEY—The Oakley PTA will hold its first meeting of the year at 8 p.m. Sept. 27 at the elementary school.

The meeting will be held in the school building. Refreshments and teachers will be in their rooms prior to the meeting to consult with parents.

The PTA is a part of the community and is invited.

# Topping Resigns, Sells His Yank Stock to CBS

NEW YORK (AP)—Dan Topping resigned as president of the New York Yankees Monday, sold his stock to Columbia Broadcasting System, and a CBS vice president was named president and chairman of the board of the team. Michael Burke, a member of the board of the Yankees since 1964, has been a vice president of CBS in charge of development since 1962.

## Grid Games

Twin Falls football teams will participate in seven games this week, highlighted by the varsity match against undefeated-suspected upon Jerome Friday night.

The Robert Stuart frosh will play at Castleford Tuesday with the O'Leary Irish meeting Minico at 7 p.m. Wednesday at Bruin Stadium.

The eighth-grade chubs will travel to Paul and Heyburn Friday at 2:30 p.m. Borah will invade Twin Falls for a sophomore match at 2 p.m. Saturday while Twin Falls jayvees will be at Burnham jayvees at the same time.

## Bobcats and Vandals Test Loop Strength

By The Associated Press

The first test of Big Sky Conference football strength comes this Saturday when Idaho goes to Bozeman to play Montana State University.

Idaho, considered by pre-season prognosticators the best possibility to take the Big Sky title, opened its season Saturday with a 197 loss to Washington of the strong Pacific Conference. And Montana State drubbed Portland State 50-7.

In other Saturday games Idaho State beat Omaha 28-20. Weber State beat Northern Arizona 22-14 and North Dakota downed Montana 30-6.

The rest of the Big Sky schedule includes Idaho State at North Dakota, Montana at South Dakota, and San Diego State at Weber State.

## Robinson-Led Orioles Edge Angels 11-9

BALTIMORE (AP)—Frank Robinson drove in five runs with a homer and double Monday, leading the Baltimore Orioles to a 11-9 victory over the California Angels in a 22-inning slugfest.

The American League leading Orioles—reduced to four the magic number for clinching their first pennant—any combination of four Oriole victories or losses by second-place Detroit will give the flag to Baltimore.

Robinson slugged his 46th homer with two aboard in the fourth, increasing his major league homer lead. He also doubled home two more runs in the sixth, breaking an 8-8 tie, and scored later on Brooks Robinson's sacrifice fly.

Frank Robinson, leading the league with 112 runs batted in, led Minnesota's Tony Oliva for the league batting lead at .311. California, .294; 112 runs—113.1; M. Lopez, Burdette (.3), Cortes (.4), Killebrew (.3), Rojas (.2), and Rodgers; Barber, Watt (.3), J. Miller (.4), Drabowsky (.4) and Eichenbrenner (.3).

Home runs—California, Cardinal (.4); Baltimore, E. Robinson (.4).

## No-Cost Rookie Punter Becomes No. 1 Quarterback for Dolphins

MIAMI, Fla. (AP)—A rookie "punter" acquired in a swap in which no money changed hands has become the No. 1 quarterback of the Miami Dolphins—beating out a veteran and a \$300,000 prize of the college draft. George Wilson Jr., son of the coach of the newest American Football League team, won the job Sunday when he actually "beat" the Buffalo Bills in 40 minutes, 52 seconds of play, Rick Norton, the high-priced rookie from Kentucky, had thrown three interceptions that led to Buffalo touchdowns and the Dolphins trailed 13-0 when Wilson took over.

Passing for three touchdowns, young George led a rally in which Miami outscored the Bills the rest of the way, 21-7.

Wilson was beaten out of the quarterback job at Xavier University by Carroll Williams. He was a future draft choice of Buffalo and the Detroit Lions, but neither bothered to sign him when he got out of college.

So when his father took over the Dolphins job, he called coach Joel Collier at Buffalo and asked:

"What are you going to do with George Wilson?"

"Nothing," Collier replied. "We've got a punter. Why are you interested in him?"

"You're darn right I am," Wilson said. "He's my son."

Wilson gave his 12th college draft choice in return.

George Jr. said he thought he might be able to play some at quarterback and do the kicking for Miami, but "I never thought I'd be the No. 1 quarterback."

Coach Wilson, who never saw his son play in college, said he showed more poise than 14-year-olds.

# Spartans, UCLA Expected to Battle for National Ranking

By The Associated Press

Michigan State and UCLA will get meet on the field this year, but the first big weekend of college football showed they might tangle at the top of the national rankings. The Spartans, No. 2 in pre-season polls, swept past North Carolina State 28-10 Saturday, prompting Wolfpack Coach Earle Edwards to say: "They just had too much for us."

The Spartans might have too much for anyone, although UCLA, No. 4, could argue again.

The Uclans unveiled their 1966 edition by "telling unfortunate Pittsburgh 57-14."

Michigan State, which beat UCLA in regular play last season before losing an unbeaten season and No. 1 ranking to the Bruins in the Rose Bowl, ground out their victory as quarterback Jimmy-Ray filled the shoes of departed Steve Judy. Ray ran for one touchdown and set up two others in the crunching attack of the Spartans, who are ineligible for the Rose Bowl this season.

Quarterback Gary Beban is still around for UCLA and he scored two TDs and passed for a third as he hit eight of 19 passes for 100 yards and ran for 19 more.

First-ranked Alabama did not play, but will begin its quest of a third straight national title Saturday against Louisiana Tech.

Other teams in the Top Ten had their problems, except Purdue, expected to contest Michigan State for the Big Ten crown.

The Boilermakers sped by Ohio University on Bob Griese's three scoring passes in a tuneless game. The Cornhuskers barely got by Texas Christian 14-10 and the Razorbacks nipped Oklahoma State by the same score. Arkansas needed Jon Brittenum's 11-yard scoring run in the last three minutes for its success.

Syracuse, No. 7, and Tennessee, No. 10, joined Alabama on the sidelines.

## Meredith Is Contrast to Past Seasons

DALLAS (AP)—Don Meredith, who has suffered about every indignity a quarterback can, finally has showed all the marks of having made it big as a National Football League key man.

The tipoff came Sunday when not a soul could be heard booing the former Southern Methodist darling—the first time in memory.

Dallas fans cheered and never complained.

And how could they? Meredith threw for five touchdowns before turning his chores over to youngsters in the third quarter as the Cowboys crushed the New York Giants 52-7.

Sunday's victory made it six straight for the home team this season, including five exhibition wins over Western Division teams.

## Vandal Film

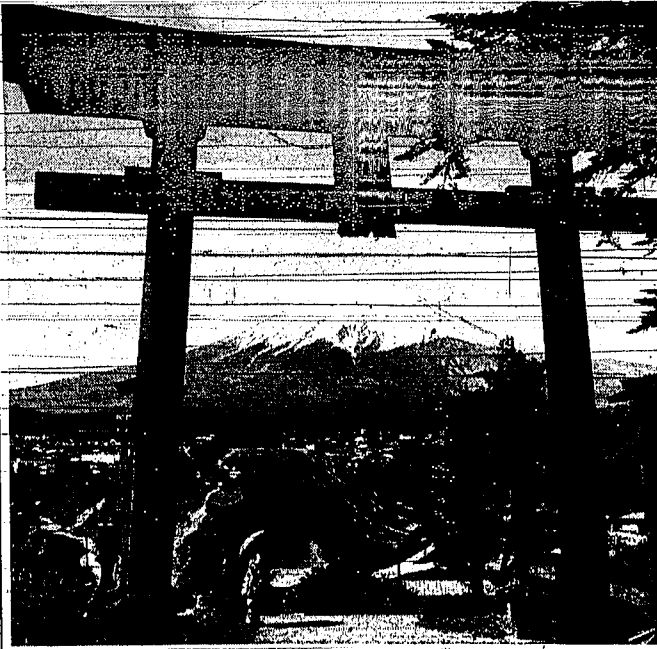

Persons interested in viewing the Idaho-Washington football game film are invited to a showing at 8 p.m. Thursday in the Desert Room of the Rogers Motor Inn.

Hank Woodall said all the Idaho game films would be shown on Thursday evenings at the same place for 10 weeks. He emphasized anyone is invited, although the showing is sponsored by the Vandal Boosters.

"To avoid possible charges of favoritism, Wilson said, 'I have not treated him as my son. I've made it twice as hard on him as anybody else. I think the squad is convinced that George made it on his own.'

"It's got a lot of natural ability. He's got the arm to be a pro quarterback, and he's got the poise. When he gets caught back there, he knows enough to cut the ball. He can run, too."

And young Wilson's punting has been the best in the AFL so far this season.

## Tour the Orient with Northwest.

We fly there every day—by the shortest route there is.

The wayside shrines of Japan. The lush green of the Philippines. The cherry blossoms of Taiwan. Okinawa, Korea—the dazzling colors of Bangkok and Hong Kong.

You're just hours away from it all when you fly to the Orient on Northwest. We fly non-stop to Tokyo from the U.S. mainland every day.

And when you take off for the Orient on Northwest, you fly the shortest route there is—straight across the Pacific from Seattle. Hours faster than going by way of the mid-Pacific.

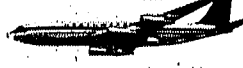

One more thing. When you fly Northwest to the Orient, you fly aboard a smooth, quiet Fan-Jet. We don't fly any other kind.

So, come to the Orient on Northwest.

For reservations, call your travel agent or Northwest Orient Airlines.

Northwest flies direct to Tokyo from 8 U.S. cities—more than any other airline: New York, Washington, Philadelphia, Cleveland, Detroit, Chicago, Minneapolis/St. Paul, Seattle, and Anchorage. Service from 30 U.S. cities in all.

# Bailey's and Clemente's Homers Let Pirates Trim Giants 6-1 in 11 Innings

SAN FRANCISCO (AP) — Bob Bailey's grand-slam home run and a solo homer by Roberto Clemente gave Pittsburgh a 6-1 victory in 11 innings over San Francisco Monday. The victory kept the Pirates one and one-half games behind league-leading Los Angeles Dodgers, who whipped Philadelphia 6-1 Monday night. The loss dropped the Giants four games behind the Dodgers. It was the Pirates' third straight victory. Clemente led off the 11th with his 26th homer of the season. He hit a double to right field, which was hit by Willie Stargell, a single by Donn Clendenon and an intentional pass to Bill Mazeroski. Bailey's homer was a double to right field, which was hit by Willie Stargell, a single by Donn Clendenon and an intentional pass to Bill Mazeroski. # Dodgers Drop Phils 6-1 to Retain Lead

LOS ANGELES (AP) — Lou Johnson drove in three runs with two homers and a single and Don Drysdale pitched a five-hitter as the Los Angeles Dodgers defeated Philadelphia 6-1 Monday night. The victory kept the Dodgers 1 1/2 games ahead of second-place Pittsburgh in the National League race and lifted them four games ahead of third-place San Francisco. Jim Lefebvre hit a bases-empty homer for the Dodgers in helping Drysdale, 11-16, best Phils right-hander Jim Bunning, 17-12, who gave up all the Los Angeles runs.

Johnson's homers in the second and sixth innings raised his season total to 16 and gave him five homers in the last six games. **Wild Pitch Lets Mets Nip Astros**  
HOUSTON (AP) — The New York Mets, held to one hit through nine innings by Chris Zachary, scored a run by Carl Semer's wild pitch in the 10th and edged the Houston Astros 1-0 Monday night.

A third-inning single by pitcher Bob Shaw was the only hit off Zachary until there were two out in the 10th. At that point Ed Kranepool singled, Cleon Jones doubled him to third and Semer's wild pitch drove in the winning run. The Mets replaced Zachary.

Jim Hickman came to bat Semer's first pitch sailed past the plate and Kranepool dashed home with the only run of the game. New York 000-000-000-1-0 Houston 000-000-000-0-0 Shaw and Gosselin, Goto (9); Zachary, Semer (10); Lefebvre, W-Shaw, 11-13, L-Zachary, 2-1.

**Patriots' Jim Nance No. 1 AFL Runner**  
NEW YORK (AP) — Jim Nance of the Boston Patriots has taken off weight and taken over the American Football League.

Nance, who was one of the Patriots' biggest disappointments last year, came to camp in a 240-pound package this season and in just two games has gained more than 50 pounds. The yardage he did during the entire 1965 season.

The latest AFL statistics released Monday show the former Syracuse standout with 184 yards on 36 attempts and a 5.4 average. Last year Nance gained only 222 yards on the ground in 111 attempts for a 2.9 average.

Nance grabbed the lead by carrying for 126 yards — the best so far this season in the league — in 24 carries against Denver. That showed him ahead of Buffalo's Wray Carlton, who has gained 148 yards in 37 carries for a 4.0 average.

John Had of San Diego, led last Sunday, retained the No. 4 spot among quarterbacks as George Blanda of Houston dropped to second.

Had has the best completion percentage, 522, and Blanda the most yardage gained, 556.

**Colt Safety Is Sidelined**  
BALTIMORE (AP) — The Baltimore Colts announced Monday that they will conduct the general sale of 50,000 World Series baseball tickets on a per-game basis, spreading out their sale.

Details of the sale to the public will be announced later in the week, with no applications yet being accepted.

Purchasers will be allotted two tickets each for one of the three games scheduled for Baltimore. The normal procedure is to sell two strips of tickets for each of the games.

**Falcons Lose Defensive Tackle**  
ATLANTA (AP) — Guy Reese, 260-pound defensive tackle, probably has been lost for the season because of a knee injury, the Atlanta Falcons said Monday.

Reese, in his fifth season in the National Football League, was hurt in the Falcons' 23-10 loss to the Philadelphia Eagles Sunday.

# Cooper Maps Plans for Tuesday Bout

LONDON (AP) — Henry Cooper, the British heavyweight champion, has mapped out his strategy for Tuesday night's fight against Floyd Patterson.

Cooper plans to take a cold bath after the third round — right in the middle of the fight. The former champion's strategy is a secret.

Cooper's manager, J. M. Wicks, unveiled the plan Monday on the eve of the fight between the two heavyweights.

The bath idea came to Wicks and Cooper as an answer to the British champion's biggest problem — not over his eyes.

It's only when Henry gets hot that he's all right so long as he's not over his eyes.

Patterson, 24, a favorite, insisted that one more loss would mean the end of his career.

Both Patterson, 32, and Cooper, 32, have fought and lost to Clay in the last year. Patterson was humiliated in losing a 12-round technical knockout last November.

Cooper was stopped on cuts in the sixth round last May.

# Hoopie Dismisses Opening Week Woes, Looks Confidently Ahead

By Major Amos B. Hopple  
The season is but a weekend old and already I have proved two things. In the first place the nine-month layoff appears to have dulled my clairvoyance somewhat.

The second is that I can be just as optimistic as Idaho Coach Steve Musseau with about the same results. However, I press forward into the second week stout of heart and full of confidence.

I'm prognosticating spirit growing as it became more acclimated to its task.

This week we are faced with some more pitfalls, largely on the local scene. We expect difficult going, but we are confident.

Also, I fear I know little about Auburn and Tennessee right now, not having heard from my scout Oskar (Premonition) Jones. Oskar asked that he be allowed to leave a little early for that assignment.

I've seen Mardi Gras in fact, now that I ponder the situation, I haven't heard from him since. But I expect a detailed account of that sterling trip.

Idaho State — North Dakota also would fill me of lesser things with alarm. Coach Leo McElroy's charges filled the air with footballs last week — and that probably was the biggest danger that I heard from.

Since the flying wedge was declared illegal, everyone was impressed. North Dakota, meanwhile, was exceedingly strong last year and it must be expected it retained at least some of that talent for this season.

All the rest are checked last week.

Looking back to last week (Ed's note: Technically we find that Magic Valley predictors remain solidly on the ground.)

Measery, who might be our only entry from Dietrich, took the top prize with a sterling four with a sterling four and four others at that figure but not outstanding them in predicting scores. That's worth \$10 to him.

Dale Smith, the pride of Twin Falls haberdashers, copied second spot, worth \$5, and Don Butcher, Twin Falls, who's been entering this contest for a long time, took his usual bite into the goodies, winning third.

The honorable mentions go to Bill Goodman, Rupert; Laura Dietrich, Rupert; Mark Munroe, Buhl; Maxine, Laramie; and Robbie Barlett, Twin Falls.

Ken Metteth, Rupert, and Joe Mabe, Twin Falls.

All of them go on the master list which will allow them to participate in the bowl contest.

After reviewing last week we found a great deal of misplaced confidence in Idaho and Idaho.

# Approve 1966 Tax Levies

SHOSHONE — Lincoln County tax levies were approved for 1966 by County Commissioners at their meetings last week here with most of the levies lower than a year ago. Yes, in spite of this, assessments going up and additional taxing units, taxpayers will probably wind up paying more taxes than a year ago.

Total state and county taxes for 1966 are \$239 per \$100 valuation, compared to 2.48 for last year.

In this 1.1% is current expense, compared to 1.25 last year; .09 for pest control, compared to .01; .009, memorial, compared to .01; last year, .21 for indigent compared to .24 last year; .05 for weed control, compared to .10; .71 for county school compared to .73 last year; .71 for health compared to .10. Last year's state was .02 for state building bond, sinking fund while this year the total state bond sinking was .02.

Total for the county without the state last year was 2.48 while this year it is 2.52.

Special state levies are sheep commission fund 4.25, state health inspection, .50, livestock disease control, .50, all the same as last year. The honey advertising per colony tax this year is .05 and bee inspection per colony is .03.

School levies are all down except Dietrich-district which is up due to the fact they took advantage of the sparsity factor.

Shoshone school district 312 total tax for this year is 2.35 compared to 4.10 a year ago. The tax includes 2.82 for maintenance and operation, .37 for plant facilities, .66 for bond.

Shoshone district 312-44 total tax is 2.88 this year compared to 3.55 a year ago. This includes 2.80 for maintenance and operation, .37 for plant facilities and .41 for bond.

Richfield school district 316 total tax is 3.69 compared to 4.10.

3.98 a year ago. This includes 2.80 for maintenance and operation, .28 for plant facilities, .66 for bond.

Dietrich district 314 total is 2.99 this year compared to 3.95 last year. This includes 2.89 for maintenance and operation, .48 for plant facilities, .44 for bond and .49 for sparsity factor.

Dietrich district 314-12 total is 4.45 compared to 4.75 last year. This includes 2.86 for maintenance and operation, .48 for plant facilities, .42 for bond and .49 for sparsity factor.

Lincoln County's participation in G.O.D. is 8.12. This shows a tax levy of 3.77 compared to 4.30 last year. This includes 2.83 for maintenance and operation, .48 for plant facilities, .66 for bond.

Lincoln County's participation in Jerome district 261-2, shows a total levy of 3.85 compared to 4.00 last year. This includes 2.88 for maintenance and operation, .48 for plant facilities, .66 for bond.

All-shore-city and village levies are down this year. Shoshone is levied 3.75 compared to 3.90 last year. This includes 2.40 for general fund, .39 for library, .19 for fire, .19 for recreation and .58 for light and streets.

## Faulty Wiring Causes Car Fire

JEROME—Faulty wiring was the apparent cause of a fire that destroyed a 1966 Chevrolet driven by Steven R. Davis, 24, of Falls, one mile north of the Purine Memorial Bridge early Sunday morning.

Davis was driving north on Highway 93 when he noticed the fire, which started in the back seat of the car. He pulled off the highway and attempted to put out the fire, but his efforts were unsuccessful. State police officers were called at 12:40 a.m. and they notified Bureau of Land Management officials.

A BLM tanker crew was dispatched to the site because a small grass fire had been ignited by the car fire.

## Ape Nursery

DALEAS, Tex. (AP) — It's been such a productive year for apes that the Dallas Zoo has built an ape nursery.

Curator Larry Calvin said there has been a birth in each of the great ape families.

The latest is an unnamed girl orangutan born last week with ginger-colored hair, sleepy eyes and already dangling arms. She's in an incubator.

In cribs nearby are boy and girl gorillas and a chimpanzee. A gibbon born May 27 remains with her mother.

Calvin said the total cash value of the ape crop since last December is roughly \$14,500.

## Osteopaths to Meet in McCall

McCALL (AP) — The Idaho and Montana Osteopathic Associations will meet Saturday at McCall, according to Dr. Rachel Woods, president of the Idaho association.

Scientific presentations, reports and individual business meetings will comprise much of the activities, as well as speeches by three osteopathic college faculty members from Chicago.

The speakers will conduct a seminar on respiratory diseases, appearing under the joint sponsorship of the Idaho-Montana Association and the Academy of Applied Osteopathy.

## PILOT ENROLLS

MOSCOW—The youngest holder of a commercial pilot's license in Idaho, Joe Cenarrus, 18, Carey, has enrolled at the University of Idaho in mechanical engineering. He is the son of Pete Cenarrus, Republican representative from Blaine County.

### BRIDGE BY JACOBY

#### FIVE TRUMPS WERE LIABILITY

South's face lit up when he saw dummy. His contract wasn't trumped but it was almost good enough to take down to the bank. He went up with nothing.

high hearts and ace of diamonds. When everyone followed to the third diamond South had eight tricks in and needed just two more to make his contract. A dummy never again have led dummy's device of diamonds. After all, it was the thirteenth. That play would have been—most unfortunate—West would ruff and lead his last club. Everyone would follow to that trick and East would be in the lead to play another club. Everyone would be able to ruff and West would just top South's trump and build him to one trump trick.

South was not going to fall into that trap. He let the ten of clubs. East won and led another club—West trumped—with the eight and dummy over-ruffed. Then South led another trump from dummy and played a low from his own hand. West won but had to give South a trick with his jack of trumps.

Q—The bidding has been:

West—North—East—South

1—4—100—100

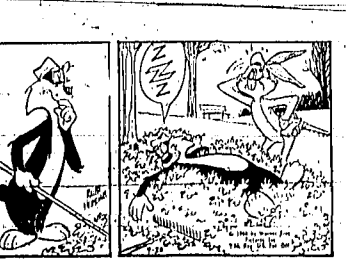

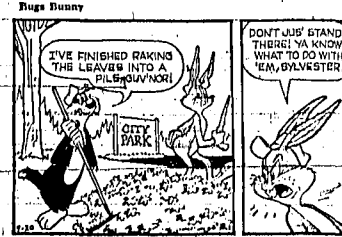

♠ K 4 7 8 9 10 7 6 5 4 3 2

What do you do?

A—Redouble unless you and your partner are playing a new convention which uses the two no-trump bid over a double to show good trump support and a couple of bold defensive tricks against your opponents.

TODAY'S QUESTION

You are using this convention and bid two no-trump. Your partner bids three clubs. What do you do now?
